400 dpi	13	16

Specifications and external appearance are subject to change without notice.

## Options

### Image Processing Unit

The optional image processing unit features two powerful functions: Dynamic Thresholding, which improves image quality by automatically adjusting contrast on the page, smoothing characters and eliminating noise; and Automatic Photo/Letter, which provides independent treatment of photos and text.

### Maintenance Kit

This Maintenance Kit is recommended for intervals of 60,000 scans. It includes a Belt, Pickup Roller, and Roller which are all set in the ADF.

Printed in U.S.A. on recycled paper because Ricoh cares.

Certificate No. FM-23772

Ricoh Co. Ltd. has been granted a certificate of ISO 9001, which is the International Standard for Quality Systems.
